

Aeternal Group is an Australian healthcare group specialising in veteran and first responder care. The organisation functions as the corporate centre for the Group, setting strategy, identifying opportunities, and enabling the sustainable growth of its subsidiary businesses.

Provocatus is an Australian health and pharmaceutical company that looks beyond traditional approaches to deliver holistic and long-term wellbeing for veterans and first responders. Our patient-centric approach sets the benchmark for veteran healthcare and delivers benefits beyond health restoration.

DNH Logistics is a veteran-led Australian logistics company providing secure, compliant, custody-assured storage and movement of regulated and high-value goods across healthcare, defence and other mission-critical sectors, helping customers reduce risk, maintain compliance and protect critical assets with confidence.

Starlight is the technology backbone for the Aeternal Group of companies. We deliver shared platforms, digital solutions, and technical expertise that enables each company to operate efficiently, innovate faster, and scale with confidence. Our role is to turn technology into a strategic advantage for each of the businesses we serve.

- Sovereign Australian and Veteran Owned company.
- Agile and responsive to customer requirements.
- Technology enabled via in-house software development and integration team.
- Tailored services to safeguard the security of Australian supply chains, particularly those in industries that incorporate high value and sensitive items such as health, pharma and Defence.
